Intelligent LPA and CoP Form Solutions

Incorporating Risk Management and Improved Efficiency

- **LPA COMBINED**

The Oyez LPA dataflow process is fast and easy to use.

You simply complete the LPA002 application form first and the details automatically flow into all of the relevant LPA forms. A checkbox on the first page of the system to allow you to select which forms you wish to complete, depending on donor circumstances.

- **CoP WORKFLOW**

This innovative workflow will save you the hours of time taken up by the repetitive insertion of case details into CoP forms.

You can easily fill in the relevant case details on the front page once and the data automatically flows into whichever CoP forms you require. You can choose to complete forms individually or select one of our 10 convenient CoP packs.

We offer free, no-obligation online demonstrations for all of the products in the Intelligent Dataflow Suite. Simply call us on **08450 17 55 17** or email: Sales@Oyez.co.uk
